Feytouched

Your innate magic comes from your deep connection to the Feywild. Whether your experiences with the Feywild have inextricably linked you to the plane, or you come from a race of sylvan creatures such as elves or satyrs, your connection to the Feywild grants you magical abilities that run deep within your blood.

Fey Magic

The arcane magic you command is infused with the power of the fey. You can speak, read, and write Sylvan. Additionally, you can choose from an expanded list of spells when you learn a sorcerer spell. The following spells are added to the sorcerer spell list for you.

Feytouched Expanded Spells

Spell Level	Spells
1st	*dissonant whispers*, *faerie fire*
2nd	*enthrall*, *Nystul's magic aura*
3rd	*conjure animals*, *speak with plants*
4th	*conjure woodland beings*, *hallucinatory terrain*
5th	*geas*, *mislead*

Spectacular Presence

As sylvan magic flows through your form, it causes your body to develop impressive durability. At 1st level, your hit point maximum increases by 1 and increases by 1 again whenever you gain a level in this class.

Additionally, your charismatic aura makes it tougher for enemies to attack you. When you aren't wearing armor, your AC equals 13 + your Dexterity modifier.

Fey Guide

At 6th level, you gain the ability to protect up to 5 creatures of your choice from the effects of Feywild Magic as described in chapter 2 of the *Dungeon Master's Guide*. Additionally, whenever you make a Charisma check when interacting with fey, your proficiency bonus is doubled if it applies to the check.

Vibrant Personality

Starting at 6th level, when you cast a sorcerer cantrip that deals damage, you can add your Charisma modifier to its damage rolls. Additionally, when you cast an enchantment spell, you can use the *Heightened Spell* Metamagic option by expending only 2 sorcery points instead of 3.

Spurn of the Fey

At 14th level, when you are hit by a melee attack, you can use your reaction to deal psychic damage to the attacker equal to your sorcerer level. The attacker must succeed on a Wisdom saving throw against your sorcerer spell save DC or be frightened by you until the end of its next turn.

Wondrous Being

Beginning at 18th level, you can spend an action to begin to massively channel your innate power. For 1 minute or until you lose your concentration (as if you were concentrating on a spell), you gain the following benefits:

- You can ignore the verbal and somatic components of your sorcerer spells, as well as any material components that lack a cost and aren't consumed by a spell.
- You gain advantage on saving throws against spells and other magical effects.
- You gain access to all Metamagic options.

Once you use this feature, you can't use it again until you finish a short or long rest.
